Construction Employers’ Association Presents Safety Awards

The Construction Employers’ Association (CEA) hosted a luncheon earlier this month to honor 2018 CEA Safety Recognition Program Award recipients. The keynote presenters Jeff Marchant, SI, field manager and Loehl O’Brien, PE, LEED AP BD+C, senior project manager, both of Clark Pacific, gave a presentation on the architectural and structural precast concrete components provided by their company for Apple Park in Cupertino.

Forty-six CEA members were presented with the 2018 CEA Excellence in Safety Award. Applications were evaluated on several criteria, including a total incident rate at least 25 percent below the industry average, a lost workday incident rate at least 25 percent below the industry average, an experience modification rate below 1.0, a flat or negative experience modification trend and demonstration of an active safety training program.

Awardees included:
Acme Construction Company, Inc., Modesto; Alten Construction, Inc., Richmond; Balfour Beatty Construction, LLC, Oakland; BBI Construction, Oakland; BCCI Builders, San Francisco; Bradley Concrete, Milpitas; Build Group, Inc., San Francisco; C. Overaa & Co., Richmond; C.W. Roen Construction Company, Danville; Cahill Contractors LLC, San Francisco; Charles Pankow Builders, Ltd., Oakland; and Clark Construction Group – California, LP, San Francisco.

CEA is comprised of over 100 premier union-affiliated building contractors performing billions of dollars in public and private building construction volume annually in Northern California. The broad spectrum of project types include: K-12 schools, community colleges and universities, commercial, government, health care, multi-family housing, energy and power, laboratory and technology, sports stadiums, water infrastructure, parking structures and more.
